Mr. Frank Oliver, M.R., in December last wrote to the Department saying that a committee of the section he headed then was, all reservations were given by the Deputy Minister to Mr. W. W. The results of the examination has been included in the letter dated 21 June 1941 and are to be withdrawn from the file and any reserves set it may be necessary by the instruction of the Deputy Minister that no action of this sort should be taken until Mr. Stewart's report is forwarded. R. 101,

At the 19th of July, 1901, Mr. ...

Matthews, secretary-treasurer of the Western  
Stock Growers' Association wrote to Frank Oliver, M.P.,  
stating that a squatter had trespassed on  
Section 30, Township 15, Range 30, West of the 4th  
Meridian, which was reserved for stock watering  
purposes, and asking that he be removed therefrom.  
The Deputy Minister gave instructions to W. S. Stuart  
to visit the land at his earliest convenience and  
report to the Department upon the alleged illegal  
occupation.

W. S. Stuart now writes stating that on two  
occasions since receiving these instructions, he  
endeavored to reach this place but was prevented  
from doing so by the water. He however states  
that Western Inspector Bryant reported to him  
that he had visited this land in September 1901,  
and there was no person residing on the land and  
no improvements thereon. There had been a squatter  
there, but he had gone away and removed what improve-  
ments he had put upon the place.

From this statement, it would appear that the  
settler about whom Mr. Matthews made complaint has

We beg to acknowledge receipt of your favor of the 11th May, reference No. 127002, in which you state that it is the intention of the Department to issue patent in the case of certain lands for the mines and minerals under the above mentioned land, and ask if there is any objection to such action being taken. The result of our inquiry into the title of the Land Company as to the above lands, and the result of our inquiry into the surface of the land only, was that the title of the Land Company as to the surface rights and excepting the mines, minerals, coal and oil and gas stone in or under the land. The title of the Land Company as to the surface ~~was~~ rights and excepting the mines, minerals, coal and oil and gas stone was well aware that she was not entitled to the mineral rights and has never claimed them. The assessment, filed in the Department, apparently did not contain the reservation of mines and minerals, but the patent issued to Dodge did make this reservation, and as between the Land Company and Dodge she was not entitled to the mines and minerals, there should not, we think, be any difficulty in setting the Department's

By the same assignment from the Calgary and Edmonton Railway Company to the Calgary and Edmonton Land Company the title to the mines and minerals under the said parcel of land was conveyed to the latter Company and by the same assignment from the latter Company to *Swire & Co. Ltd.* the title to the mines and minerals was conveyed to the said *Swire & Co. Ltd.*

It is therefore the intention of the Department to issue a patent in the name of the said *Swire & Co. Ltd.* for the mines and minerals.

All that is please advise at once of any objection there may be on the part of the Railway Company or the Land Company to this action being taken.

The Secretary,

Department of the Interior,

Ottawa, Ont.

Sir,-

- Re All 9-31-22-W.111 -

We hereto acknowledge receipt of your favor of the 1st inst. in reference No. 647403, in which you state that it is the intention of the Government to issue patent in the name of Sewell E. Marks for **minerals** under the above mentioned land, and ask if there is any objection to the action being taken. On behalf of the Calgary & Edmonton Land Company we have no objection to patent being issued as proposed. The surface of the land only was sold and paid for as the land was sold, and the surface rights and excepting the trees, shrubs, coal and oil and gas in or under the land. The Certificate of title was issued for the surface rights and excepting the minerals, and was accepted by the person who was well aware that he was not entitled to the mineral rights and has never claimed them. Our assignment, filed in the land office, at the time it was made, did not contain the minerals, and as the patent issued to Marks did not contain the minerals, and as the land Company and Marks have not been entitled to the minerals, we should not be liable for the same.

protected and the patent issued to the Land Company for the mines and minerals.

We shall be glad to hear from you as to what you think, if any, you will require to enable the company to proceed and to issue to the Land Company.

The position in which the company was placed as to the title in these lands, the title adopted by the government in the title issued to the company of assignment filed, and the title to be corrected. We shall be glad if the Department will deal with the matter in this way and save the trouble for the company and the title issued to the company and the Land Company, Limited.

April 26th, 1905.

Mr. Hanna,

Re N. W. 13--35--28 V. 4114.

Referring further to the location of the issue  
of patents conveying the mines and minerals under lands forming  
the land grant of the Calgary and Edmonton Railway Company,  
I am directed to say that the above mentioned parcel of land  
was assigned by the Calgary and Edmonton Railway Company to the  
Calgary and Edmonton Land Company by assignment registered in  
the Department, and was by the latter Company assigned to  
**Minnie Nichols**  
**Daniel Herbert Nichols** and **A** by and to the registered  
in the Department on the 1st August, 1901.

By the said assignment from the Calgary and Edmonton  
Railway Company to the Calgary and Edmonton Land Company the  
title to the mines and minerals under the said parcel of land  
was conveyed to the latter Company and by the said assignment  
from the latter Company to **Daniel Herbert Nichols** and **Minnie Nichols**  
the title to the mines and minerals was conveyed to the said  
**Daniel Herbert Nichols** and **Minnie Nichols**.

It is therefore the intention of the Department to  
register a patent in the name of the said **Daniel Herbert Nichols** and **Minnie Nichols**  
and the said title and minerals.  
I have to advise the Department that no objection  
there may be on the part of the Calgary and Edmonton Land  
Company or any other person to the said

Yours obedient servant,

Respectfully,  
P. G. Hayes,  
Secretary.

Sir,-

— 12 —

We have to acknowledge receipt of your report of the same and, reference No. 54750, it which you state that it is the intention of the Department to issue patents in the name of Daniel Herbert Nichols and Minnie Nichols for the mines and materials under the same, and you have asked if there is any objection to such action being taken. On behalf of the Calgary and Vancouver Land Companies we have no objection to such action being issued as proposed. The surface of the land was then assigned for at the usual price of surface rights to the same, the mines, minerals, coal and valuable stones to be granted to them. The said assignment of Title as issued for the surface rights and exceptions for the same has been accepted by Daniel Herbert Nichols and Minnie Nichols and they were well aware that they were not entitled to the same and that they never claimed them. Our assignment, filed in the Department, and which did not contain the reservation of mines and minerals, was the one sent issued to Daniel Herbert Nichols and Minnie Nichols and the same was a reservation, and as between the Land Company and Daniel Herbert Nichols and Minnie Nichols they were not entitled to the mines and minerals,

there should not, we think, be any difficulty in having the Company's rights protected and the patent issued to the Land Company for the mines and minerals.

We shall be glad to hear from you as soon as you are able, if any, you will require to make the patent for the mines and minerals to issue to the Land Company.

The point here is that the Company has purchased the land in these lands in the view of having the patent for the mines and minerals issued to the form of assignment filed, and it may be that the patent will be corrected. We shall be glad if the Department will deal with the matter in this way and have the patent for the mines and minerals issued to the Calgary and Edmonton Land Company, Limited.

Very truly yours,

Sir,

Your obedient servant,

Gentlemen.

By my letter of the 13th ultimo, you were advised that the subject of your letter of the 4th of that month and of the 10th of May last, the right of transferees from the Calgary and Edmonton Land Company to the under rights in parcels of land conveyed to them, respectively, by transfers similar to the transfer of which a copy accompanied my letter of the 13th ultimo to the Deputy Minister of Justice had been referred to him, with all material papers.

I am to state that the decision arrived at, according to a letter which has been received here from the Acting Deputy Minister of Justice, is as follows: and that the cases referred to in my letter of the 13th ultimo will now be dealt with by the Department in accordance with that decision: "In my opinion the position taken by your Department is correct. The Department has no right in such cases to except the minerals from the grant to the purchaser, and no right to do what the Company proposes namely: require the purchasers to take proceedings within any limited time to establish their right to the minerals if they wish to receive a grant without an exception."

Mr. and Mrs. Nichols for delivery by the Registrar to them of the Certificate of Title in their name, and forwarded same to the Registrar on the 10th of July, 1901. A true copy of said order is annexed and marked "C".

7. That hereto annexed and marked "D" is a true copy of a letter of 24th October, 1901, from Nichols enquiring about the deed for the land, and hereto annexed and marked "E" is a true copy of the reply of Osler, Hammond & Nanton of the 28th of October, 1901.

8. That I verily believe that Osler, Hammond & Nanton sent out the duplicate certificate to Nichols on its receipt, with a form of receipt therefor.

9. That although I have caused search to be made, I am not able to now find the signed receipt from Mr. and Mrs. Nichols acknowledging the Certificate of Title nor any further letter from them. In such cases it was the practice of Osler, Hammond & Nanton to follow up the request for these receipts by a further letter, and the purchasers in this case wrote to us. In this case there is now available no copy of any further letter from us to them, or from them to us. The Certificate of Title was not returned to us as uncalled for, and I verily believe it was received by them in due course, and that a receipt was received for it, but that the same has become lost, mislaid or destroyed.

10. That no complaint as to the reservation of the mines and minerals in the Certificate of Title to this land has ever been received by Osler, Hammond & Nanton from them or anyone on their behalf, and I verily believe that they have not any claim to the minerals in the said lands.

11. That I am informed and believe that Nichols transferred all his interest in the said land by transfer registered on the 3rd of April, 1902, when the former Certificate of Title and duplicate thereof were cancelled, and that he now has no interest whatever in the said land.

AND I make this solemn declaration conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of "The Canada Evidence Act."

Re Calgary & Edmonton Railway Company Land Grant,  
H.W. 3-35-28 W.4.

Dear Sir :-

We now enclose statutory declaration of Mr. Joyce, setting forth the facts in this case, and attached to it is the original letter from Mr. Lott of the 1<sup>st</sup> of May. As you will see, this letter referred to agreements, and the agent and purchaser had evidently in mind the terms of the agreement, but the reference was struck out, as the agreements were unnecessary. As already mentioned, in this case we are not able to produce the receipt for the certificate of title, but the certificate issued with such reservation, and Nichols has since sold and transferred all his interest in the land. We ask you to treat the statutory declaration as proof of the delivery of certificate of title to him containing such reservation, and upon the ruling of the Department of Justice, and the additional fact that he now has no interest in the land, to issue title for the minerals to our clients.

This we think is the last remaining parcel of these cash sales, and we trust that you will be able to relax the requirements in respect of this one parcel to some extent.

In reply to your letter of the 9th instant I am to state that when making application for patent for his homestead, above described, on the 6th March, 1905, Mr. Scott failed to describe his age.

In his application for ENTRY dated the 5th March, 1902, he stated that there were seven in his family including himself.

There is nothing on file which would indicate the age of Mr. Scott.

## ELIGIBILITY FOR SOLDIER GRANT ENTRY :

"Settler" means a person who at any time during the war has been therein engaged on active service in a military force:—

- (1) of Canada—and has served out of Canada; or, wherever he may have served is, by reason of disability incurred or aggravated as the result of such service in receipt of a pension; or,
- (2) of his Majesty or of any of His Majesty's Allies—and, being ordinarily resident in Canada when he enlisted in or otherwise became a member of such force, has served thereafter out of Canada, in a theatre of actual war; or,
- (3) of his Majesty or of any British Dominion or Colony—and has served out of the country wherein he enlisted or otherwise became a member of such force in a theatre of war; and has been otherwise than dishonourably discharged from such force or has been permitted to honourably resign or retire therefrom, or, without fault on his part, has been dispensed from further service therein; and the widow of any person who died on active service and who, but for his death, might be a settler as now defined, shall be capable of being a settler in her deceased husband's right.

Soldier entry on Dominion Lands under the provisions of these Regulations may be granted to any person certified to be a "Settler" by the Board, but unless the Board shall for special reasons otherwise recommend, no such free grant shall be made to any settler who,—

- (a) has pursuant to the provisions of the Soldier Settlement Act, 1919, purchased from the Board any land; or,
- (b) has pursuant to the provisions of the said Act or of the former Act, secured from the Board any advance of money for the clearing of encumbrances on, or the purchase of, or the improvement of, any land; or,
- (c) is owner of or has a vested possessory interest in agricultural land of such area as, in the opinion of the Board, constitutes an average farm for the district within which the land is situated, or which, in the opinion of the Board, is of the value of five thousand dollars.

Unless otherwise determined by the Board, every applicant for soldier entry shall be required to make a declaration in the form prescribed by the Board that he is not by reason of the foregoing provisions debarred from such entry. Where such declaration is subsequently found incorrect in any material particular the entry, if granted, shall be liable to cancellation.

## Regulations relating to conflicting claims by adjoining settlers

Sections 33 to 35 of the Soldier Settlement Land Regulations, 1918, read as follows:—

### CONFLICTING CLAIMS

33. In the event of there being more than one applicant claiming the prior right of entry under the preceding section, the priority of their claims shall be determined by the priority of the dates of their respective entries, or the commencement of residence in the case of squatters before survey.

34. To ensure due consideration being given to the rights of all persons claiming priority, the Agent shall receive all applications for entry offering under the preceding section, if requested to do so, but shall issue no certificate for entry for such land until the close of the office hours of the day on which the prior right of entry is considered; or until the evening of the following day;

Provided that if the Agent is advised by wire or otherwise on such day by a Sub-Agent or a local representative of the receipt by him of an application for entry from a person claiming a prior right of entry for the land affected, and it is evident from the records that such person, by reason of the priority of date of his entry for or commencement of residence on the adjoining homestead has a better claim than any of the other applicants appearing in person, the Agent shall hold the land until such application made before the Sub-Agent or local representative has been received;

Provided further that if on account of sickness or other satisfactory reason shown to the Agent, a settler who according to the records has a prior right of entry over all other applicants, is unable to appear in person on such day, the Agent may hold the land for such settler for a reasonable length of time, reporting immediately all the circumstances of the case to the Board;

Provided also that if the Agent is in doubt as to the priority of any applicant, he shall not grant entry on the land affected, but refer the matter to the Board for consideration.

35. Any land which, after having been posted in the manner hereinbefore described, has not been first entered for by an adjoining settler on the first day on which such land became available for entry, or if it has not been reserved for any of the reasons above mentioned, it shall be open for entry on the following day to any settler eligible to make entry under these regulations.

### RIGHT OF ENTRY IN AREA A RESTRICTED

By Section one of the Act 15-16 George V, Chapter 10, "An Act to amend The Dominion Lands Act," it is provided as follows:—

"Notwithstanding anything contained in this Act, no person shall be granted entry for lands situate within that part of the provinces of Saskatchewan and Alberta south of the south boundary of Township 16 in the Dominion Lands system of survey unless such person submits evidence satisfactory to the Minister of the Interior that he or she is in permanent residence and conducting farming operations upon a farm of not less than eighty acres distant not more than nine miles in a direct line from the parcel for which entry is desired, exclusive of the width of road allowances crossed in the measurement, or that such person is the father, mother, son, daughter, brother or sister of a settler in permanent residence and conducting farming operations as aforesaid."

34. To ensure due consideration being given to the rights of all persons claiming priority, the Agent shall receive all applications for entry offering under the preceding section, if requested to do so, but shall issue no certificate for entry for such land until the close of the office hours of the day on which the prior right of entry is considered; or until the evening of the following day;

Provided that if the Agent is advised by wire or otherwise on such day by a Sub-Agent or a local representative of the receipt by him of an application for entry from a person claiming a prior right of entry for the land affected, and it is evident from the records that such person, by reason of the priority of date of his entry for or commencement of residence on the adjoining homestead has a better claim than any of the other applicants appearing in person, the Agent shall hold the land until such application made before the Sub-Agent or local representative has been received;

Provided further that if on account of sickness or other satisfactory reason shown to the Agent, a settler who according to the records has a prior right of entry over all other applicants, is unable to appear in person on such day, the Agent may hold the land for such settler for a reasonable length of time, reporting immediately all the circumstances of the case to the Board;

Provided also that if the Agent is in doubt as to the priority of any applicant, he shall not grant entry on the land affected, but refer the matter to the Board for consideration.

35. Any land which, after having been posted in the manner hereinbefore described, has not been first entered for by an adjoining settler on the first day on which such land became available for entry, or if it has not been reserved for any of the reasons above mentioned, it shall be open for entry on the following day to any settler eligible to make entry under these regulations.

### RIGHT OF ENTRY IN AREA A RESTRICTED

By Section one of the Act 15-16 George V, Chapter 10, "An Act to amend The Dominion Lands Act," it is provided as follows:—

"Notwithstanding anything contained in this Act, no person shall be granted entry for lands situate within that part of the provinces of Saskatchewan and Alberta south of the south boundary of Township 16 in the Dominion Lands system of survey unless such person submits evidence satisfactory to the Minister of the Interior that he or she is in permanent residence and conducting farming operations upon a farm of not less than eighty acres distant not more than nine miles in a direct line from the parcel for which entry is desired, exclusive of the width of road allowances crossed in the measurement, or that such person is the father, mother, son, daughter, brother or sister of a settler in permanent residence and conducting farming operations as aforesaid."

Sir,

*Sept 9/01*

Replying to your letter of the 30th July last, in which you say that several weeks previously you wrote to the Agent of Dominion Lands, at Calgary, applying for the SE $\frac{1}{4}$  16-16-28 W. 4th M. and offering scrip No. 0970 in full in favour of Jean Baptiste Dumont in payment for it and have so far received no reply and also that you have already paid the office fees. I am directed to say that there is no entry reported for this land up to the 23rd ultimo. If the land is available according to the Agent's records and is of the class open for homestead entry there is no reason why half-breed land scrip should not be located upon it by the grantee.

A copy of this letter is being sent to the Agent of Dominion Lands, at Calgary, with instructions to report at once upon the matter.

Referring to your communication of the 9th instant, file 647553 addressed to Thomas Field of New Oxley, Alta, I have the honour to inform you that on the 3rd August last Mr. Field was informed that the S. E. 16 - 16 - 28 W 4th would appear to be available to the first eligible applicant, on the 14th August Mr. Field was informed verbally that the land was still available. The gentleman then informed this office that he had deposited scrip note No. 0970 with the Sub-agent at Macleod and in regard to that part of it I have a letter from Mr. A. F. Grady dated August 29th, who is apparently acting for Mr. Nixon that there was deposited in Mr. Nixon's safe the scrip note referred to and that the same would be forwarded to this office to be applied on the land in question on Mr. Nixon's return, since then I have heard nothing more but a copy of this communication is being forwarded to Mr. Field and Mr. Nixon.

When I applied for a quarter section before which I was not able to get offering this scrip note in payment for it, the half breed came and made personal application I was not aware that it was necessary for him to come again. This will explain why he has not appeared for the quarter section for which I have now applied, viz: S. E. 16 - 16 - 28 W 4th.

Will you be kind enough to hold this quarter section for me until I can get the breed to Calgary to apply for it which will be as soon as possible.

Madam,

Referring to your letter of the 4th instant, to the Premier, which has been transmitted to this Department, I am to inform you that it is quite impossible to grant a free homestead patent to your son for his second homestead, the N.W. 1/4 of 30 - 9 - 2, West 5, until the required duties have been performed. He is entitled to credit for the time he has spent with the Canadian Contingent in South Africa, but that would only give him one year's duty. The Commissioner is quite willing to protect your son's entry for a reasonable time, or he may, under the circumstances, be allowed to purchase the quarter-section at the minimum price of \$1 per acre, in lieu of the performance of further duties. The purchase money may be paid in cash, or, if preferred, one quarter in cash and the balance in three equal annual instalments, subject to interest at 5%. Will you please communicate further with the Department in the matter.

Re All 5--31--28 W. 4th N.

Referring further to the question of the issue of patents conveying the mines and minerals under lands forming the land subsidy of the Calgary and Edmonton Railway Company. I am directed to say that the above mentioned parcel of land was assigned by the Calgary and Edmonton Railway Company to the Calgary and Edmonton Land Company by assignment registered in the Department, and was by the latter Company assigned to Sawell G. Sir,-

- Re 411 5-31-20-W. 12h -

Agreement 190 7. 1. 1. -

We beg to acknowledge receipt of your favor of the 20th ult., reference No. 411 5-31-20, in which you state that it is the intention of the Department to issue patent in the name of Sewell S. Hawks for the mines and minerals under the above mentioned land, and ask if there is any objection to such action being taken. On behalf of the Calgary and Edmonton Land Company we beg to object to patent being issued as proposed. The surface of the land only, was sold and paid for at the usual price of surface rights and exception, the mines, minerals, coal and valuable stones in or under the land. The Certificate of title as issued for the surface rights and exception the mineral rights has been accepted by Hawks who was well aware that he was not entitled to the mineral rights and has never claimed them. Our assignment, filed in the Department, apparently did not contain the reservation of mines and minerals, but as the patent issued to Hawks did make this reservation, and as between the Land Company and Hawks he was not entitled to the mines and minerals, there should not, as there is, be any difficulty in having the Company's rights

protected and the patent issued to the Land Company for the mines and minerals.

We shall be glad to hear from you as to what further material, if any, you will require to enable the patent for the mines and minerals to issue to the Land Company.

The position in which the Company was placed as to the minerals in these lands by the view adopted by the Government in the first place led to the form of assignment filed, but it was an error which could now be corrected. We shall be glad if the Department will deal with the matter in this way and have the patent for the mines and minerals issued to the Calgary and Edmonton Land Company, Limited.

By my letter of the 13th ultimo, you were advised that the subject of your letter of the 4th of that month and of the 10th of May last, the right of transferees from the Calgary and Edmonton Land Company to the under rights in parcels of land conveyed to them, respectively, by transfers similar to the transfer of which a copy accompanied my letter of the 13th ultimo to the Deputy Minister of Justice had been referred to him, with all material papers.

I am to state that the decision arrived at, according to a letter which has been received here from the Acting Deputy Minister of Justice, is as follows, and that the cases referred to in my letter of the 13th ultimo will now be dealt with by the Department in accordance with that decision: " In my opinion the position taken by your Department is correct. The Department has no right in such cases to except the minerals from the grant to the purchaser, and no right to do what the Company proposes namely: require the purchasers to take proceedings within any limited time to establish their right to the minerals if they wish to receive a grant without an exception.  Homestead Pre-emption

George Brown  
Lockhart

of

do solemnly declare

That I made entr ☒ for the above mentioned lands at the Dominion Lands Office at

Edmonton

on the 3rd day

of April 1903 and I now ask to have said entr ☒ cancelled, and be permitted to take up another homestead for the following reasons, namely:

(Here state reasons.)

(1) as the land is water saturated

(Here state nature and extent of residence, and, if not on homestead, where performed.)

(2) as I have been living on the NE 1/4 of Section 25 since middle of June 1901

(Here describe the improvements and state value thereof.)  
 (Give area of breaking and cultivation each year.)

(3) as improvement is made

I have not received, directly nor indirectly, nor have I been promised, nor do I expect to receive any consideration of any kind for allowing said entr to be cancelled.

And I make this solemn declaration conscientiously believing it to be true, and knowing that it is of the same force and effect as if made under oath and by virtue of The Canada Evidence Act, 1903.

Dear Sir,-

I beg to acknowledge the receipt of your favour of the 27th ultimo in reference to the A.W.4 of 7,9,2. West 4th, and in reply would say that this quarter section is within the land grant of the Canadian Pacific railway main line, and is, therefore, not available. It is only any odd sections that have not been set apart for railways that are made available for homestead entry and as most of the odd sections have been included in railway land grants in years gone by, the new regulations apply to a very small proportion of the odd sections. By applying to the Agents for the district in which you desire information, they could tell you at any time what odd sections were available in any particular township or two, but no odd sections are available within twenty-four miles of the main line of railway.

I note what you say about having written to me last Summer and getting no reply. You wrote on the 9th

## Department of the Interior,

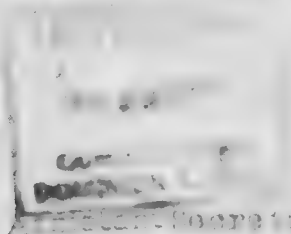

Ottawa, 24th October, 1901.

Sir,

Among the General Receipts issued by you during the month of September, was No. 31302, issued in favour of J. T. Reynolds for certain improvements upon the grant reservation for which he had just received his patent entry.

This payment, amounting to \$10.00, you have reported in your Cash Statement, and apparently have credited the money to the credit of the Receiver General, but you do not appear to have made any return of this amount in your weekly Statements. Presumably, it should have been accounted for in your return for the week ending 24th of October, and it would be as well for you to send a supplementary return for that week covering this amount.

Your obedient servant,

Assistant Secretary.

Secretary

Department of the  
Interior Ottawa

Dear Sir:

Your's at home and in  
reply will say, we moved  
on 'this homestead' two  
years ago the 6<sup>th</sup> day of  
Aug. myself and wife  
and five children. I had  
hired 8 acres broke that  
year. I bought one horse

and two cows horse died  
 the same fall.  
 my wife sold her property  
 in Mich. for us to come  
 wild and free and live on  
 as far as the means went  
 she also hired the first  
 Taerex broke. Since then  
 I have had to work out  
 by the day to support the  
 family there and small log  
 house on claim to small for the  
 family 11 x 14 on outside shingle  
 roof. so what means I could  
 possibly get along with out  
 I put in a larger house the  
 log for lower part are nice straight  
 poplar. could not find any  
 more. I hewed them on

"3"

both sides so the walls are  
 nice & smooth & straight. I  
 also peeled off all the  
 the bark. The first winter I  
 was on claim and during  
 the next summer I put  
 them up with a good stone  
 wall under it. I worked  
 out the first winter w  
 I could find work & got  
 lumber to build upper  
 story with rough floor  
 above. below with a  
 good shingle roof and  
 chimney. I chinked in  
 side smooth with the in  
 side face of the logs the  
 outside the same with  
 line mortar between chink.  
 the chinkings are nailed &  
 on both sides good & solid

"4"

This house could not be  
built to day for \$300.00  
I would not have it taken  
down or away for \$400.00 -  
The land I got broke  
the first year I changed  
work and got it put in  
to barley. ~~the~~ being broke  
in fall the crop was not  
very good I got 116 bush  
barley off 8 acres. The  
next year I changed  
work and got 2 acres &  
five rods of broke & put  
into potatoes & garden.  
This year I have 8 acres  
in to Oats but let the  
ground on shares. and

Have the 2 acres and 5  
 rods in to potatoes & garden  
 this year. I have cleared  
 5 more acres broke making  
 13 acres in all. I have  
 have not been off of the  
 claim to exceed two weeks  
 since we moved on most  
 of the time I have been  
 home nights family  
 have been on claim  
 every day and night.  
 I am a carpenter by  
 trade but my work has  
 been amongst my neighbors  
 I do not think there will  
 be more than 10 acres of  
 waste land on the claim

no ground what is considered  
hay ground but more than  
a little spot on open ground  
among willow brush. all  
farming land except the  
10 acres muskeg not good  
for any thing the timber  
is now all taken off.  
Claim that was good for  
any thing was taken  
before we got the claim  
there are a few trees but  
nearly good for nothing.  
I should think there  
was about 20 acres of  
poplar grove not large  
enough for fence rail  
I got about 500 <sup>ft</sup> of that  
was large enough for  
fencing. the rest of it  
is wooded land all too  
large to be plowed with  
out cutting. I have 40  
acres fenced about half

"7"

of this is wire fence the  
fence pole fence. There  
is about 40 rods of this is  
muskog there is no fence  
cattle about cross this is  
on the road allowance.  
I have a log stable 16x20  
with hay roof. well of  
water. An out door stall  
8x10. so it does not freeze  
two good doors so we go  
out & in every day all  
winter and not freeze.  
we have 6 head of cattle  
one cow two yearlings  
one calf & one yoke of bulls  
not broke they will not  
paid for. The first winter  
we were there our little  
boy was very sick so we  
had to have doctor  
twice. Then little boy 12  
years was helping draw

"8"

grain fell through the rack  
& broke his collar bone so  
we had to have doctor to  
set that. and this summer  
my wife has give out and  
not be able to do a thing  
for three months had  
doctor twice for her she  
will not be able to do  
any thing again this  
summer if ever again  
little boys 12. and 10  
do all the house work  
& have all summer. the  
doctor has to come 14  
miles for that is our nearest  
town the doctor price is  
\$14.00 a trip. my object  
to move up our place  
was this so I could get  
some means in one  
half to get teams and  
tools & wagon so I could

9

make improvement  
on the place I don't want  
to incur only one  
half of the claim for one  
half is to be my wife for  
she furnished her means  
to come & start & file on  
land. The south 80 is to be  
my wife running east  
and west.

hoping this will be  
satisfactory. I am

Respectfully Yours  
Willis T. Reynolds

Declaration of Abandonment.

In the Matter of the S. E. 1/4 of Section 6  
Township 52 Range 18 W. of the 4<sup>th</sup> Meridian.  
Homestead S. E. 1/4 Pre-emption

1. George Cantburn

Logan p.o. Alta

do solemnly declare:

That I made entry for the above mentioned lands at the Dominion Lands Office at Edmonton on the 15<sup>th</sup> day of July 1892, and I now ask to have said entry cancelled, and be permitted to take up another homestead for the following reasons, namely:

(Here state reasons.)

at the time I made entry a mistake occurred; instead of the S. E. 1/4 I should have made entry for the S. W. 1/4 of same section, and as I have always been living on the S. W. 1/4 ever since date of entry and all my improvements are upon the said S. W. 1/4. The S. E. 1/4 was vacant before I made entry for Forster. I have been in continuous residence up to present time, and all the improvements upon the S. E. 1/4 were all made by himself -

(Here describe the improvements and value thereof.)

(Give area of breaking and cultivation each year.)

Under the circumstances I ask that the Government will grant me the interchange from the S. E. 1/4 to the S. W. 1/4 free of charge and to allow me to take up the S. E. 1/4 for my own use.

And I make this solemn declaration conscientiously believing it to be true, and knowing that it is of the same force and effect as if made under oath, and by virtue of The Canadian Oath Act, 1891.

re S.W. 1/4-18-52-16-7.4th - Fred Sereda

I beg to acknowledge the receipt of your letter of the 19th inst. You did not, however, answer precisely the point I was anxious to be informed upon, viz: whether, under the circumstances detailed in my former letter, it would be possible to dispense in this particular case with actual residence upon the property. The uncle of the children lives some few miles distant and is ready to do the actual improvements, but I fear it will be impossible to get anybody to actually live upon the land.

The Dominion Lands Agent,

Dear Sir:-

re S.W.1/4-18-52-16-W.4th - Fred Sarada-

I wrote to the Secretary of the Department of the Interior on the 9th August 1901 in this matter, in my capacity as Public Administrator and Official Guardian, saying that this homesteader had died in the preceding month of June a widower, leaving three children, respectively 12, 10 & 8, and that an uncle who lived near at hand was caring for them and that I wished to arrange so that the homestead might be preserved for the children. My intention then was to administer to the Estate, have the uncle do the improvements, as my representative, and have residence dispensed with. The Department informed me that residence cannot be dispensed with. I am very anxious to find some way to preserve the land for the infant children. If the uncle, instead of myself, were to administer to the deceased's Estate, could he not, as Administrator, hold the place if he improves it, though he does not reside upon it. It seems to me that the Government, even if the present regulations do not meet such a case, might

well either make some appropriate new regulations , or  
else make a special regulation for this case, for the sake

of the children. I should like an extension

rangement as suggested.

Sir,

Referring to your letter of the 17th instant in the matter of the homestead of the late Fred Sereda, S.W.  $\frac{1}{4}$  of 18, 52, 16, West 4th N., I am to inform you that it is considered that the regulations to which you refer are quite ample, as they permit of the homestead duties being performed by any of the legal representatives or any one appointed by them to do so. It is quite impossible to make any alterations in the homestead requirements of the law, but the Agent will protect the entry for a reasonable time to enable the heirs to advise the Department of ~~their~~ intentions in the matter, and a copy of this letter is being sent to the Agent at Edmonton as the authority for protecting the entry in question, until the 1st of November next.

The Secretary,

Sir,

I thank you very much for wishing to change the interpreter, Mr Wagner, at Edmonton.

For three years I have wished to take up a homestead as all the others do, but being a missionary priest I am often obliged to travel to visit the poor Galicians in order to exercise my office, and I cannot remain all the time in the same place; as a consequence I could not obtain the patent for the homestead.

I humbly beg you to allow me to dispense with this condition, that is to say, with the living continually during three years on the same homestead. I should willingly fulfill all the other conditions, which the law imposes. The best place for me will be the homestead - South West Quarter, Sec. 18, Tp. 52, Range 52. This homestead is the only one to be had.

I remain with pleasure,

Your obedient servant,

) Fifty-two (52) Range Sixteen (16),

West of the Fourth Meridian.

I, John Sereda, of Beaver Lake, in the District of Alberta, Farmer, DO SOLEMNLY DECLARE:

1. That I am the son of Fed Sereda, who entered for the above land as a homesteader on the 10th. of November, 1900.

2. That my mother died before my father came to Canada, and my sister Justina died about six months after the death of my father.

3. I have only one brother living, Paul Sereda, now of the age of seventeen years, and I am now fifteen years old.

4. After my father's death, I went to live with my uncle and aunt, Michal and Gwdocha Burzinski. About two weeks after my father died, my said aunt handed to the Reverend Father Olszewsky, my father's entry paper in respect of the said homestead, asking him to look after the homestead on behalf of my father's children, and to act as guardian of the children. This the said Reverend Father Olszewsky said he would do.

5. I am informed that my father's said entry was on the 5th. day of August, 1903, cancelled on the application of the said Reverend Father Olszewsky, and that on the 5th. of October in the same year, the said Reverend Father Olszewsky entered for the said lands in his own name, and on the 3rd. of August, 1905, received permission to purchase the said lands.

3. My brother and I are now old enough to complete the homestead duties in respect of the said land, and we have no desire to have the same sold, but are anxious to obtain patent thereof.

And I make this solemn declaration conscientiously believing it to be true, and knowing it is of the same force and effect as made under oath and by virtue of the Canada Evidence Act, 1893.

Dear Sir: Re N.W. - 18-18-16-W4.

On the 17th of November, we were retained by Mike Berezanski, who instructed us that one Fred Seryda had entered for the above land and died six years ago, leaving two sons Paul and John, who are now twenty and eighteen years of age respectively, also certain personal property. Berezanski and other neighbours undertook to look after the children, forming a committee for that purpose intending to keep alive the father's entry and ultimately secure the quarter section for the two sons. A priest named Frank Gleszewski, by virtue of his ecclesiastical authority took possession of the children and it is alleged cancelled the deceased's entry for the above land and entered for it himself, shortly afterwards handing back the children to Berezanski. We were instructed to, as far as we could, prevent issue of patent to Gleszewski and secure the land for the two

some time afterwards was granted permission to purchase the land in lieu of <sup>further</sup> ~~the~~ homestead duties.

The purchase money was paid in full, and a patent issued in favor of The Reverend Francois Olszewski, dated 2nd June, 1903; this patent was forwarded to the Registrar at Edmonton on the 7th July last.

You will see from the foregoing that the land in question has passed from the Department, and is no longer under its control.

JUL 17 1905

Gleichen, Alberta July 11th 1905

Dear Sir I beg to inform you of my intention to apply for the Patent on my Homestead. (The C. W. 4, sec 36, Tp 37, R 3, Mt 5<sup>th</sup> Red River Alberta) which I filed December 4<sup>th</sup> 1901. I have 16 acres ploughed some of it in crop for the year also a garden. One half of my place is fenced the remainder will be completed in about 3 weeks the fence is of Yamvack posts 14 feet apart and 3 strands of wire. I have a six horse stable 15' x 24' also a corral etc. my dwelling house cost 107 dollars for the lumber and 60 dollars to put it up. It was burnt down by some one while I was away working last May. I told Mr. Nottingham the Land Agent at Red River about it and he said my homestead could have no further protection against cancellation. I have not enough money to rebuild my house and will be working here at Gleichen for two months yet after which I will return to my homestead and put up another house and then apply for the patent

I came here from Belfast Ireland and  
had no money at all. I had to borrow  
£100 from my brother to fill with  
I have been working out most of the time  
since then and has not been able to do the  
18 months residence I have lived on my  
place 14 months also one month on my  
brother's place which is 3 miles from mine  
I may also say that I served in the  
Canadian Mounted Rifles in South Africa  
in proof of which I herewith enclose my  
discharge which you will please return  
I wish to know if the lack of the  
48 months residence will hinder me  
from obtaining the patent.

Note - Mr Gibbs is now in the east I have made search in the Land Titles office and I find that Gibbs was the owner of the S. 3 1/4 30. 24. 3. 5. up until July last when he sold it. At the time of making application I pointed out to him that he should not have sold until he applied for patent. He said that as he had completed duties he did not know that it made any difference. As I know this place and Mr Gibbs I am satisfied he has complied with the spirit of the law.

The Officer taking this application for patent is requested to exercise particular care that the name of the homesteader is given in full and correctly spelt.

Sir,-

You are hereby notified to correct your mistake, or what you would call it, in regard to A. O. Stavne's application to homestead the N.W. 1-18-17-19-W-4-M, as you sent back his entry paper to me, saying that the land still stands in the name of G. H. Rothine. But I know better as his cancellation notice was issued at your office 20th day of May 1904 and posted at the Lake de May Post Office and if you will not correct it at once I will write to G. H. Rothine of Fergus Falls Minn for further information and place the case in hands of a lawyer and have it settled.

Yours truly,

A. A. Stavney.

sir,-

Re the N.W. 1/4-12-47-13-W-4-M. There is no objection to your putting this matter in the hands of a lawyer if you so desire, but you would save time, trouble and expense if you will kindly make new application to cancel as suggested in my letter of the 12th instant. Your application should read on behalf of A. O. Stavney.

I enclose for your information two forms, one used to be posted up in the Post Office in which the homesteader is given 60 days to file a defence, this is the notice that you evidently saw and the other used in notifying the homesteader that his entry has been cancelled. Please note the difference as you are laboring under a mis-apprehension.

The entry of G. H. Rothine having been protected until the 1st instant, a new application should be made to cancel same if he is not doing his duties.

I enclose application form for your use.

Your obedient servant,

A. G. Harrison.

Department of the Interior,

Ottawa, 21st August, 1901.

Sir,

In your letter of the 6th instant you report the location of <sup>North West</sup> ~~N. W. 1/4~~ Half-breed land scrip, No A 2086, in the name of Felix Savard, upon the Northerly 80 acres of the S. W. 1/4 28--45--18 W. 4th M. This description must be amended so as to be confined to the fractional N. 1/4 only of the quarter-section, containing 65 acres.

When reporting your action on this matter, please explain why you allowed this scrip to be located for the Northerly 80 acres in contravention <sup>of</sup> the instructions contained in the departmental circular letter of the 20th March last.

DOMINION LANDS OFFICE,

Edmonton, Alta., 28th. August 1901. 189

Sir,

In reply to H.O. letter of the 21st. Inst. File 649265, I beg to give as my reason for the location of Land Scrip No. A.2086 upon the Northerly 80 acres of the Frac. S.W.  $\frac{1}{4}$ -28-45-18-W.4 M. was that I was under the impression where the area of a Fractional quarter section exceeded the allowance of this class of scrip to a limited extent, as in this case, only 18 acres, such scrip should be applied up to 80 acres, and the locatee be made to purchase the balance, as provided in H.O. circular of the 22nd. May last, File 566003. Or a more careful reading of this circular however, I see that to have properly carried out my idea, the location should only have been allowed on the Southerly 80 acres of this quarter, but as it has been held under File 647558, that an 80 acre scrip can only be applied on one half of a full quarter section, if that rule is to hold good, I should think that this location should be cancelled in its entirety.

According to our Township Plan, there are only 98 acres in the abovementioned fractional quarter section. How is it proposed to divide this to allow 65 acres in the Frac. North half?

I may say that the assignee of the above location has applied to purchase the excess, viz; 18 acres.

Kindly advise me fully in this matter.

RECEIVED.

Sometime ago the Acting Agent of Dominion Lands

at Edmonton allowed the location of 80 acre scrip on the Northerly 80 acres of the frac. S. W.  $\frac{1}{4}$  of 28--45--18, W. 4th, the whole of which frac. quarter-section contains 98 acres. Upon the Agent being requested to explain why he had allowed the location of 80 acre scrip on a frac. quarter-section containing more than 80 acres, he stated that he had the location had been allowed to be made through his having misconstrued the instructions respecting the location of scrip on a <sup>quarter-section</sup> fractional. He says, however, that, if the location is permitted to stand, the assignee will purchase the excess area of 18 acres.

I beg to recommend that, under the circumstances, the location be not disturbed, and that the assignee be permitted to acquire the excess area at the current rate, payments to be made within 15 days from the date of notification.

Respectfully submitted,

Sir:-

I beg to acknowledge your letter of the 4th inst. re the purchase of 18 acres excess of Prac 28-45-18-W-4th. In reply I may say although we have the authority to sell this land from the Department and also hold scrip Certificate for \$54 dollars (Osler, Hammond & Nanton, Dated August 7th, not 17th 1901) the matter cannot be put through until MR. Ole O. Strordahl or Hordahl makes application to purchase this land in the regular way.

Mr. Strordahl

On the 9th of October 1901 Mr. A.S. Rosenroll, was notified as follows;-That the purchase could be made, that the Scrip Certificate for \$54 was held here to apply on this sale, that Strordahl should fill out and return Application Form to purchase forwarded to him on the 26th of August, that the Department in another case required the assignment from the original scrip grantee of the 80 acres and it might be as well for him to forward that here in the event of their requiring it, that the sale should be completed within 15 days from date.

Our records do not show this to have been done as yet, but when done the matter will receive immediate attention.

I presume the land is still open to purchase by the above party.

In reply to your letter of the 10th ultimo,  
applying on behalf of the registered owner of the S.W. 1/4  
of section 23, township 45, range 13, west 4th Meridian,  
to purchase the portion thereof shown on the plan of survey  
as covered by water, I beg to say that under the present  
practice of the Department in cases where the waters have  
wholly and permanently receded the land formerly covered by  
water may be disposed of to the registered owner of the  
remainder of the quarter section, upon the latter filing in  
this Department an abstract of title, obtained from the Land  
Titles Office, showing that *he is* the registered owner  
of the quarter section in question, together with a  
statutory declaration setting out therein that the land  
shown on the township plan as covered by water has become  
wholly and permanently dry. A report from the Homestead  
Inspector is also required in all such cases, and in the  
event of the application being favourably considered, the  
applicant must pay for the area formerly covered by water  
at a valuation placed thereon by the Homestead Inspector.

A copy of this letter is being sent to the  
Agent of Dominion Lands, Edmonton, in order that he may instruct  
the Homestead Inspector to obtain a report in this case  
and forward it here.

General Remarks Continued:-

This land is composed of clay loam with light willow brush. There is no water on this land at present except in little potholes such as is on any land in the country. The skew that was on this land has succeeded back and apparently for some years this whole quarter has been dry and I believe now has become permanently dry.

Other wild lands in the vicinity of much better quality are selling at from 10.00 to 14.00 per acre. Therefore on account of this land being partly low and of a gumbo nature, I would consider same to be worth ~~the~~ <sup>about</sup> eight dollars and 50/100 per acre (\$8.50) and believe same should be sold. As it appears to have become permanently dry.

A detailed study of the use of the term "cultural studies" in the literature of the field is beyond the scope of this article. However, it is worth noting that the term has been used in a variety of ways, and that its meaning has evolved over time. For example, in the early 1980s, the term was often used to refer to the study of popular culture, while in the late 1980s and early 1990s, it was more often used to refer to the study of race, class, and gender. This evolution of the term reflects the changing focus of the field and the increasing emphasis on social and political issues.

 he should get his patent within a few days if possible. He

 the reason for asking the issue of a patent at once. Will  
 you kindly let us know if the issue of the patent can be in

Dear Sir:

About three years ago I filed a homestead on the S.W. 1/4 Sec. 4 Township 9 R 29 West of 4th M. believing there was a good spring on the place. I afterwards learned that the spring did not flow but a small part of the year, so I did not occupy or improve the place. A little more than a year after, some one asked for the cancellation of my Entry, I was not here at the time and did not enter a protest, and my Entry was cancelled. I am now in a position to occupy and improve a homestead if I am entitled to one.

Will you kindly inform me at your earliest convenience whether I am entitled to an other Entry.

*Wawa, 24<sup>th</sup> June 1907*

Sir,

You have been recommended for patent for the  
*3 1/2* of Section 18 Tps 13 Rge 23 West  
of the 4<sup>th</sup> Meridian which, according to the official  
plan of survey contains an area of 5006 acres, the  
remainder of it being covered by the waters of a certain  
lake. As the waters of this lake may have receded,  
making the land which was then covered by water more or  
less fit for cultivation, it is possible that you may  
wish to have the patent for your homestead issued to cover  
the full theoretical area of 762 acres, which in-  
cludes the land and the land covered by water.

If you desire the patent issued in this way, on  
your filing with the Department, make a solemn declaration,  
a form of which is herewith enclosed, to be made in ac-  
cordance with the provisions of "The Canadian Evidence Act,  
1863," that the land covered by the waters of the said  
lake, as shown upon the official surveying plan, is now  
dry, the patent can then be issued for the full theoretical  
area of 762 acres, more or less.

Dear Sir

In reply to file No. 649497

In regards to the Sec. 1/4 13. SP 43  
Range 23 west of 1/4 meridian  
which only contains according  
to Survey 150.06 Acres the remainder  
of it being covered with water  
at that time, would say that  
at present there is some water in  
the Carline Lake, But as the Lake in  
question is crossed by a public road  
the road work was insufficient to  
complete the drainage. But next year  
work will complete it.

I would like to have the Patent-  
Issued to cover the great theoretical  
Area of 160 Acres, But do not-  
feel justified in making a sworn  
Statement as provided in the  
Joanin you sent me, as there  
still remains some matter in this  
Certain Letter, hoping the explanation  
will be sufficient to warrant you  
to issue the Patent for the full 160  
Acres, I Remain

Respectfully Yours.

Sir -

In reply to your letter file

No. 644499 I beg to make the following  
statement

In 1890 I acquired on the N. E  $\frac{1}{4}$  of  
Sec 19 - 3 - 27 - 44<sup>th</sup> before that  
township was surveyed into  
sections and more than did  
my homestead duties. I he Gov.

Allowing me my claims as homestead  
In 1900 a letter came from the Gov.  
asking me to take off land\* to  
what extent I had  
made, time, procedure etc and

writing me 30 days to answer  
the land would be turned over  
to the C. & L. The improvement  
valued at (\$3000.00) Three thousand  
dollars. The letter only reached  
reached me on the 29<sup>th</sup> day so  
I immediately wired the Gov. to  
that effect and that affidavit  
would follow. I then made  
the affidavit before J. B. Bruneau, J.P.  
and considered the matter  
settled as I heard no more  
from the Gov. However the  
letter never reached the Gov. &  
the next I heard was from the  
son of the Post master at Frodoon  
telling me he had purchased the  
said quarter. I however

'need to vacate and after  
 a great deal of trouble and expense

was allowed to purchase the  
 land from the S & P. They refunding

Mr Ward his money. I then took

up as my bond to the Wm. 2<sup>d</sup>

of the S. E.  $\frac{1}{4}$  and the E.  $\frac{1}{2}$  of the N. W.  $\frac{1}{4}$

Section 24 - 5 - 28 - W. 4<sup>th</sup> and

understood from the Gov. that

I would be allowed the

improvements made on the

N. E.  $\frac{1}{4}$  of 14 - 5 - 28 - W. 4<sup>th</sup>. I then

received a bond secured at

seven thousand (\$7000) dollars and

received a title building and

there is a lot more to be

submitted.

continued to record the mental

in my present

it as soon as I feel it is

I beg to acknowledge receipt of your letter of the 1st ultimo in connection with your homestead, above described, which is being forwarded to the Department at Ottawa for consideration and you will no doubt be further advised in connection therewith at an early date.

any, following issue of patent from the Crown to the Company, it would appear that by reason of residence and improvements thereon, the requirements of your entry have been satisfied with the exception of cultivation, which the law requires should be actually done on your Homestead.

~~1 Encl.~~

Under the circumstances, you might furnish the Department with a statement on the enclosed Statutory Declaration Form (No. 36) as to your residence and improvements on the North West quarter of Section 19 since you purchased the land, and the improvements, if any, on your homestead, and on receipt of this evidence, the Department will be in a better position to judge as to the merits of the case, and your standing as regards applying for patent successfully.

Kindly note that when you come to make application for patent in proper form at the Dominion Lands office at Lethbridge (or at a sub-office for the district, as the case may be), it will be necessary for you to furnish the local agent with documentary proof of ownership of the purchased land upon which your residence duties were performed.

It will not be possible for the Department to allow you credit for cultivation on purchased land in lieu of the requirements in that regard in respect to your homestead.

Your obedient servant,

Section 21-5-28 T. 1th R.

-----

The Agent of Dominion Lands at Lethbridge, on receipt of a copy of my letter of the 4th May last to you, has been in a position to enable the Department to trace previous correspondence in reference to your claim to consideration in connection with the homestead above mentioned, by virtue of the duties performed as a squatter prior to survey on the North East quarter of Section 11, Township 5, Range 27, West 4th Meridian. The reason the Department could not trace this correspondence previously was due to your having described the land as the North East quarter of the section in consideration.

On referring to the papers in connection with this land, there is nothing to bear out your statement that the Department had undertaken to allow you credit in connection with your homestead for the duties performed on the land on which you were a squatter many years ago. However, assuming as is understood, that you purchased this land from the Calgary and Edmonton Land Comp-

Office of the Superintendent of Mines,

Calgary, 29th October 1900

Sir,

In reference to yours of the 23rd ultimo, No. 177749 on 88963, Mr. Homestead Inspector Thompson showed the same to me, when I told him I would write to you on the subject.

This man, Content, was, during the greater portion of the time since he perfected his entry, several miles from his nearest neighbor, and those nearest him would have no occasion to pass his house, and their trail left the Calgary and Edmonton one some distance south of his place. The best corroborating witnesses would be freighters between Calgary & Edmonton, and would pass within a few feet of his house every trip; his house was used as a stopping place. Both Anderson and Whiteley have been constant freighters for several years on this route. To my knowledge he was living on this place in Nov. 1887 and if he had been absent for any considerable length of time, I would, I think, have known it. So far as residence is concerned he has, I believe, completed it. The only point to my mind is, did he make his entry with the Agent within three months after being notified that the township was open for such entry? What is the practice on this point?

I have the honor to be, Sir,

Your obedient servant,

*Wm. R. ...*  
Superintendent.

The Commissioner

of Dominion Lands,

Winnipeg, Man.

18th November, 1900.

Sir,

In further reference to the case of Arthur A. Content, part of section 20-25-23 With M., I beg to say that a letter has been received from Mr Superintendent Pearce suggesting that in best corroborating witnesses would be freighters between Calgary and Edmonton who would have passed within a few feet of Content's house, which it appears was used as a stopping place and as Messrs Anderson & Whitely have, Mr Pearce states, been constant travellers for several years on that route their evidence may be accepted and if you are satisfied that the necessary settlement duties have been fulfilled by Content, you will please return his application for the Commissioner's approval.

I have the honour to be

Your obedient servant,

Sir,

Referring again to your letter of the 14th instant, I am to inform you that attention has been drawn to the fact, that the S.E.  $\frac{1}{4}$  of 20, 35, 28, West 4th H., is the homestead of Mr. Arthur A. Content and he has held the S.W.  $\frac{1}{4}$  of the same section as a pre-emption. Will you please see that the land is properly described in the certificate of recommendation which was returned to you with my letter of the 20th idem.

Dear Sir,

A. A. Content - Homestead S.E. 1/4-20-35-28-W. 4th  
Pre-emption S. W. 1/4 of same section-  
File 649593

I beg to acknowledge your letter of 26th. inst.  
I have examined the certificate of recommendation sent to ~~me~~<sup>me</sup> by you  
in your letter of August 20th. I find that it is a certificate  
that A. A. Content "who is the holder of a homestead entry for the  
S. E. of sec. 20-35-28-W. 4th. and a pre-emption for the south west  
quarter of the same section has deposited with me the sum of three  
hundred and fifty eight 46/100 dollars in full payment for such pre-  
emption." I think this is correct - is it not? I see in my let-  
ter of 14th. the heading is the S. E. 1/4 of 20, though in the let-  
ter I wrote of the recommendation for pre-emption patent; probably  
it would have been more correct to have mentioned the S. W. 1/4.  
I hope however this will clear up the matter to your satisfaction.

Gentlemen

I made application for patent at Red Deer  
land office for the N.W. West quarter of  
section 10 Township 38. Range 26 West of  
4 Meridian.

Since then I have had to leave my  
homestead & I come here to the coast  
on account of my wifes illness she has not  
been in health for years & her declining years  
are all against her health. so I hope you  
will not refuse me a patent for leaving  
my homestead I am not going out of  
Canada. you will see by my application  
for patent that I lived four years on  
my Homestead without ever leaving it.  
Should you be kind enough to grant me  
a patent please let me know if I can have  
it made in my wifes name she helped  
to make the home there & I would like  
it made that way.

Hoping to hear from you  
I remain sincerely

Under the circumstances they are anxious to purchase their homesteads, and if they are allowed to do so they will at once take steps to move their buildings onto the same.

I may add that the Homestead Inspector has reported that there were no improvements whatever on Henry Moyle's homestead, and the Agent was instructed some time ago to have the Homestead Inspector ascertain what improvements has been made on Fred Moyle's quarter Section. The Inspector's report has not yet been received.

Respectfully submitted,

Memorandum.

Referring to the case of Messrs. Fred and Henry Moyle, who in error erected their buildings on Section 13, Township 31, Range 18, West of the 4th Meridian, adjoining their homesteads, I beg to report that on the 9th of February last Mr. W. H. Davies, of Lindsay, wrote to the Department on their behalf, and he was advised on the 20th February last that before their residence on Section 13 could be considered in connection with their homestead duties it would be necessary for them to advise the Department as to when they had paid the first instalment on the purchased land, and as to whether the transaction had been completed. According to the statement which was since then made in their behalf it would appear that when they discovered that they had erected their buildings on Section 13 they immediately took steps to acquire the same by purchase, but they found that the land had been disposed of to a third party by the Railway Company, and they have since been unable to locate the present owner of the property. The Honourable Frank Oliver,  
Minister of the Interior.

Dear Sir,

Referring to your letter of the 9th February last, with regard to the applications of Messrs. Fred and Henry Woyle to be permitted to purchase their homestead, portions of Sections 8 and 13 respectively, in Township 31, Range 27, East of the 4th Meridian, I would be glad if you would obtain from the Messrs. Woyle a statement or declaration showing the amount of improvements which they have made upon Section 13, adjoining their holdings. Before the Department is in a position to advise you definitely upon their application to purchase their lands, it will be necessary to know definitely the value and nature of the improvements referred to.

Yours truly,

W. H. Davies, Esq.,

MEMORANDUM:

Mr. Cote

Re frac. NE<sup>1</sup> 10 - 44 - 20 - W. 4th M.  
-----

In view of the report of the Homestead Inspector, it is not considered desirable to dispose of the land formerly covered by Lake No. 3 until it has been dry for at least three years or its reclamation is assured by the construction of drainage works.

If application to drain this land is made to this office, the matter will be given consideration under the Drainage Regulations.

*H. R. Tamm*

"In the vicinity is selling at \$20.00 per acre."

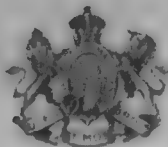

The above quoted report was referred to the Reclamation Service Branch for an expression of opinion and in his memorandum of the 11th instant, Mr. Cram of that Branch states:-

"In view of the report of the Homestead Inspector, it is not considered desirable to dispose of the land formerly covered by Lake Ma. It will it has been dry for at least three years for its reclamation is hampered by the construction of drainage canals."

"If application to drain this land is made to this office, the matter will be given consideration under the Drainage Regulations."

Incidentally the Homestead Inspector states that the land applied for is now dry and is liable to become covered by water only in extreme wet years. There would appear to be no objection to disposing of the same water only to the applicant subject to filling of the same with the consent of the Reclamation Service of the project section.

Memorandum:-

Re Undisposed of portion of the  
N.E. 1/4 16-44-25-W. 4th E.  
Containing 16 acres.

I beg to submit for your consideration the application made by the Imperial Bank of Canada, Fort Saskatchewan, Alberta, on behalf of Peter B. Halden to purchase the parcel above mentioned. The same is available according to the records of the Department and the applicant claims ownership of the balance of the quarter-section patented as a homestead to H. C. Rasmussen in 1908 and shown outlined in green on the sketch herewith.

The parcel in question is shown as covered by water on the plan of survey of the township still in use dated the 30th August, 1913, and the Surveyor General states that the return furnished in 1933 when the land was surveyed is not give any information as to the character of the lake affecting the same.

As the applicant has stated that the land is under cultivation, the Provincial Inspector was requested to report as to the number of years the same has been free from water.

His report, reads as follows:-

"F.O. of applicant, Calgary, Alta.

"This land is now known as dry in

"Sept. 1932 and has been dry up to this date. 1933.  
"to 1930.00 will drain this Fr. and a good deeper one  
"on 31st of Dec. 1932 across the road. Some drainage has  
"been done to the west end of block on Dec. 15. Until  
"drainage is done this Fr. would cover up with water  
"again in extreme wet years.

"Therefore in its present condition

"same is worth \$10.00 and in my opinion should be  
"sold to the applicant as it is only a block, not a  
"farm.

"If this Fr. is drained and becomes

"permanently dry it will be worth \$22.00 per acre  
"approximately.

"The soil is black or grayash loam

"subsoil clay with some alkali shown, and must be

"quite productive. A good quality of agricultural land

I beg to acknowledge the receipt of your letter of the 29th ultimo, to the Commissioner, in regard to the entry of your son, Herbert Willson, for the N.W. 1/4 of 28 - 40 - 25, West 4, and in reply am to say that if he will execute an abandonment of this entry on the enclosed form and return it here the quarter-section will be made available for re-entry by his brother, William Willson, and the matter being of a family nature the Agent will not pay any attention to the improvements that have been made.

There is no provision in the law which will allow of your son William being given credit for the duties already performed by the present holder of the land, so that he will have to fulfil the homestead conditions after he has obtained the entry.

Department of the Interior,

DOMINION LANDS OFFICE,

Edmonton, Alta., 15th. August 1901.

COMM. JONES

Sir,

I beg to enclose the application for patent of Colin Johnston, not recommended, for River Lot 1 West of the Hudson's Bay Reserve, Athabasca Landing, on account of the small amount of cultivation.

The witnesses in this case, Mr. H.S. Young was for a long time in charge of the Hudson's Bay Post at Athabasca Landing, and Mr. R.E. Ferguson although living in Edmonton makes yearly trips to the Landing.

They claim the land is very rough and broken and entirely unfit for cultivation.

As this lot is pretty much outside the ordinary route of the Homestead Inspector's travels, I have not asked him for a report. There is, however, a Sub Timber Agent at that point, might he not be asked for a report as to the quantity of arable land on this lot?

Please advise me if I shall ask the Homestead Inspector to look into this matter or procure a report from the party I have suggested. In the event of the latter being asked to do so, I suppose some remuneration should be allowed him, and if I may be allowed the suggestion, I think that \$2.50 would be sufficient for a report as to the information required.

OTTAWA, January 10th, 1902.

Dear Sir,

*Re noted  
1/27/02*

Referring to your letter of the 4th, inst: File No. 849984 in regard to the issuing of a patent to Mr. Colin Johnston of Athabasca Landing, I have to say -- It appears that a reserve of 32 14/100 acres or portions of lots 1, 2, 3, W, at Athabasca Landing, was made in order to prevent encroachments by settlers on the site required by Mr. A. W. Fraser, for the purpose of drilling in search of petroleum under instructions from this Department. After prosecuting this work for some two or three seasons and the whole attempt ending in failure, the work was practically abandoned by order of the Minister of the Interior. It seems to me, therefore, that there is no good reason why the Government should withhold a patent for the lot in question from Mr. Colin Johnston, unless the Government has property or buildings thereon of which I know nothing. In the event of a patent being granted to Mr. Johnston, I would suggest, however, that Mr. A. W. Fraser of Georgetown, Ont., be notified some time in advance, in order that he may remove any property which he may have left upon the land. I would also suggest that Mr. Johnston should be required before receiving his patent to execute a letter

As I understand that a casing which belongs to the Geological Survey of Canada and which was driven to a great depth on the shore of the Athabaska River, — presumably upon the Lot Numbered One in the Settlement of Athabasca Landing for which I am applying to the Department of the Interior for a patent — I hereby undertake and agree to and with you, Sir, as Minister of the Interior, and to and with your successor and successors in office, to permit any of the officers or employees of the Geological survey of Canada, to enter into upon the said Lot numbered One if the casing above referred to is within such Lot, for the purpose of withdrawing such casing and taking it with him, and I hereby disclaim any right to or ownership of such casing, which I acknowledge to be the property of the Dominion of Canada.

I also undertake and agree that any other property of the Dominion of Canada which Mr. A. W. Fraser of Georgetown, Ontario, or any member of the staff or employee of the Geological Survey of Canada, left upon the above mentioned Lot numbered One may be removed and taken away by any member or employee of such staff or by any other person authorized in writing by you or your Deputy or the Secretary of the Department of the Interior, to withdraw and take it from such Lot; and I further acknowledge that I have no claim for rent of the said Lot or for damage thereto or on any other account for or by reason of such Lot or use thereof by members and employees of the Geological Survey of Canada in the work done by them on such Lot, or on any other account whatever.

Mr. W. F. Referring to your memorandum of the 19th instant which I beg to return you herewith.

The parcel of land referred to is evidently the two chain roadway along the river in front of River Lot one West at Athabasca Landing Settlement, and is hatched in red on the sketch herewith.

This roadway as originally surveyed was one chain in width but was subsequently enlarged to two chains by O. in C. 25th April 1898.

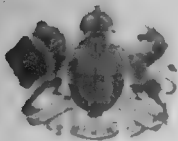

A previous application was made for this strip, see your reference 1358. *(on file 2777350)*

Recently the Town Council applied to acquire this roadway by lease or otherwise, and as there is some doubt as to the ownership of this roadway, the matter has been referred to the Department of Justice for an expression of opinion. *(on file 2777350)*

I believe that there was also another application by a Steamboat Company to acquire this strip for a ship yard, but I cannot find the papers in the case.

shown on the sketch.

The other roads shown in brown are parts of the trail which were surveyed from Edmonton to Athabasca Landing and are shown one chain in width.

When Mr. Johnston's patent was prepared it was intended to reserve thereout those portions of this surveyed trail, also the roadway along the river two chains in width. This would mean the portions shown coloured brown and pink on this sketch, but when the patent was prepared, by some error the description of the strip along the river was made to read 100 feet in width and, therefore, the reservations in his patent would cover the portions shown brown, pink and yellow on this sketch, though there can be no doubt that the portion coloured yellow should not have been excluded from the patent. The limit of this 100 foot strip is shown by a heavy dotted green line, and as this line is the line parallel to the shore of the river at the time of the issue of the patent, it is impossible to define the actual area of this portion coloured yellow and, moreover, as the description of the reserve in the patent for this 100 foot strip is for a strip of that width along the river, the southern limit of the strip would move with the changed position of the river, and there can be no doubt that its position is continually changing.

The limits of Mr. Johnston's patent is shown outlined in green on the sketch.

Respectfully submitted,

LAND PATENTS BRANCH,

File 649984

Ottawa, 24th October, 1917

## Memorandum:

Herewith is a sketch, on the scale of Two chains to an inch, illustrating the case of the patent to Colin Johnson, for River Lot 1 West, Athabasca Land-ling Settlement.

The portions coloured brown are surveyed road-ways. That portion along the shore of the Athabasca River was surveyed in connection with the survey of the settlement as a roadway, and was laid out approximately one chain in width. The southern boundary of this strip is a series of straight lines, and, therefore, to not coincide with the general form of the bank of the river and, therefore, the strip is in places more than one chain in width.

As it was reported that the river was eating away the bank at this point, an order in Council dated the 20th April, 1913, was passed increasing this roadway from one chain to two chains in width, reference 47201 on file 41201. It thus there can be no doubt that the intention of the Order was to increase this roadway one chain south from the southern limit, as shown on the plan of the settlement. This increase is shown coloured brown on the sketch, but a strip two chains in width north of the river would only extend to the red dotted line

shown on the sketch.

The other roads shown in brown are parts of the trail which were surveyed from Edmonton to Athabasca Landing and are shown one chain in width.

When Mr. Johnston's patent was prepared it was intended to reserve thereout those portions of this surveyed trail, also the roadway along the river two chains in width. This would mean the portions shown coloured brown and pink on this sketch, but when the patent was prepared, by some error the description of the strip along the river was made to read 200 feet in width and, therefore, the reservations in his patent would cover the portions shown brown, pink and yellow on this sketch, though there can be no doubt that the portion coloured yellow should not have been excluded from the patent. The limit of this 200 foot strip is shown by a heavy dotted green line, and as this line is the line parallel to the shore of the river at the time of the issue of the patent, it is impossible to define the actual area of this portion coloured yellow and, moreover, as the description of the reserve in the patent for this 200 foot strip is for a strip of that width along the river, the southern limit of the strip would move with the changed position of the river, and there can be no doubt that its position is continually changing.

The limits of Mr. Johnston's patent is shown outlined in green on the sketch.

Memorandum:

Herewith is a sketch, on the scale of Two chains to an inch, illustrating the case of the patent to Colin Johnson, for River Lot 1 West, Athabasca Landing Settlement.

The portions coloured brown are surveyed roadways. That portion along the shore of the Athabasca River was surveyed in connection with the survey of the Settlement as a roadway, and was laid out approximately one chain in width. The southern boundary of this strip is a series of straight lines and, therefore, do not coincide with the general form of the bank of the river and, therefore, the strip is in places more than one chain in width.

As it was reported that the river was eating away the bank at this point, an Order in Council dated the 28th April, 1900, was passed increasing this roadway from one chain to two chains in width, reference 472089 on file 416388. I think there can be no doubt that the intention of the Order was to increase this roadway one chain south from the southern limit, as shown on the plan of the settlement. This increase is shown coloured pink on the sketch, but a strip two chains in width south of the river would only extend to the red dotted line

Dear Mr. Cornwall,

I have made careful inquiry into the standing of the land in front of River Lot 1 west at Athabasca Landing. I find that through a technical error 300 feet along the river front was reserved for road purposes out of Mr. Colin Johnson's patent. The reservation should have been only two chains as this is what was eventually set aside by Order-in-Council, and transferred to the control of the Provincial authorities for a roadway. From the attached plan, you will see that there is a strip of approximately 60 feet between Mr. Colin Johnson's lot as patented to him and the surveyed Government road, that actually belongs to the Crown.

Of course, it would seem as though Mr. Johnson would have the best claim to this strip which was reserved out of his patent in error, and if the strip was ever sold it should go to him under our regulations.

However

Encl.

J. K. Cornwall, Esq.,

Edmonton,  
Alta.

J.K.C. -2:

However, to protect your buildings, it might be possible to consider your application for a license of occupation of this 68 foot strip along the front of the lot. If this meets with your wishes, you should forward the application at once.

The land Mr. Isaac Gagnon was allowed to purchase was not the portion in front of lots number 2 and 3, but a portion of these two lots lying between the two chain reservation along the river and the roadway and base line crossing these lots. The title to the land acquired by Mr. Gagnon was vested in the Crown as only the portion of these two lots south of the roadway or base line had been disposed of to Messrs. Munroson & Smith.

Yours very truly,

LAND PATENTS BRANCH.

Memorandum, -

to ferritin in brain Ref. No. 8235 Reports.

I am informed by Mr. Sheppard who was present in your office when this case was previously considered, that it was stated at that time that the only solution was to buy and sell Mr. Cornwall a sufficient amount out of the available lands at this point to enable him to be able to take care of the present need allowed for.

For this reason there would be a constant or  
the constant state rather than a constant level of  
and not a constant level of the system, which is  
in the state of the system, the constant state of the  
0.22 units, more or less.

I would further remark that, for a patent by nature, to be of any great information to man, a very detailed description is, if not a necessity, at least, the information would be of use. In the latter case, as in the former, it would be necessary.

Memorandum:-

Mr. N. O. Cote.

Application of Northern Trading Co.  
to acquire a 68' strip, coloured yellow  
on the plan hereunder, between River  
Lot No. 1 west at Athabasca Landing  
as patented to Colin Johnson, and the  
surveyed Government road.

Referring to your memo of the 22nd instant, hereunder, I might state that I am informed that the road now used instead of jutting off at an angle down to the river, as shown on the plan referred to, hereunder, has been continued to meet the cross road at right angles as indicated in black pencil on the plan. Under the circumstances, it would appear difficult to describe the area suggested in your memo to be set aside for the Northern Trading Company, unless we are prepared to have a surveyor visit the location. I think, therefore, that we may as well give the company a license of occupation of the whole of the 68' strip, as described in the heading of this memorandum.

Deputy Minister.

MEMORANDUM:---

Re application of the Northern Trading Company  
to acquire a strip of land at Athabasca Landing.

As pointed out in my memorandum of the 8th instant, before the license of occupation may be issued an Order in Council will have to be obtained and, as it will be necessary to mention the facts of the case before the Council, I beg to enquire the purpose for which it is proposed to lease the land in question for that period of time is the license of occupation to be granted, and also what amount of rental will be collected annually.

As there is a doubt as to whether the strip of land in question is at the disposal of the Crown, I suppose the grant should be of such rights as the Crown may have in the said land, and that the lease should be terminable at any time upon 30 days notice being given the licensee. I think the license of occupation might be for a period of 5 years at an annual rental of \$10 per annum, paid in advance, subject to the usual conditions which are inserted in the draft form prepared by the Department of Justice.

Respectfully submitted,

  
W. W. Cory, Esq., J.M.C.,

Deputy Minister of the Interior.

Ottawa,

With reference to the application of the Northern Trading Company to acquire a strip of land at Athabasca Landing, and your approval endorsed on my memorandum of the 27th ultimo, I beg to call attention to the fact that the purpose for which the land is applied for is not stated in the application and that this information appears necessary before further action is taken in the matter. If the records of your office do not contain this particular information, I suppose enquiry in relation thereto will have to be made of the applicants.

Respectfully submitted,

Chief of Branch.

Ref. 649984.

14th December, 1912.

His Excellency,

The Governor General in Council.

The undersigned has the honour to report that application has been made by The Northern Trading Company, Limited, of Edmonton, in the Province of Alberta, for a license of occupation of a portion of River lot 1, east, at Medicine Hat, in the said Province of Alberta.

The undersigned is of the opinion that, as it is proposed to use the land applied for certain stone houses which have been constructed on the river bank, the application should be granted and he recommends that a license of occupation be issued in favour of The Northern Trading Company, Limited, for a period of five years at an annual rental of \$10.00, payable in advance and terminable at any time, upon sixty days' notice being given to the licensee. MEMORANDUM.-

Mr. N. O. Côté.

The Minister raised the question sometime ago as to the right of the Department to deal with the land mentioned in this case, because such land should properly have been granted to Mr. Johnston as part of Lot 1. I had a special search made for File 649984, which you reported in your memorandum of the 24th December last could not be traced at the time. I find now, however, that the file in question was subsequently found and referred to the Department of Justice for the preparation of a draft form of License of Occupation. Please note that no action is to be taken until the question with regard to the title to the land is further submitted to the Minister.

Sir:-

Replying to your communication of the 9th instant, stating that you have settled on the N. W. 1/4 of 16 - 32 - 4, West of the 5th, unsurveyed land, and have fulfilled the duties necessary to enable you to apply for patent, and enquiring whether there is any way in which your claim to the land in question may be recorded to permit of your leaving the place for a while without danger of any one else taking it, I beg to inform you that your application for the land has been noted, but, as the Department does not encourage squatting, I am afraid there is no way in which you may be protected in the matter.

Dep't. of Interior,

Dear Sir,

Having squatted on 32-32-Range 4, West of the 5th last June, being located there by Mr. Hamilton of Dog Pond, it being unsurveyed land, I was told by Mr. Lower Agent at Olds, that I could not homestead it, I wrote to Mr. Sutherland of Calgary, explaining the matter and told him I wanted to fence & build, and I had already broke 15 acres, have now built a house, and would like to have the entire sec. for boys & myself. Three of them not being of age he advised me to write to the Department, to have South half of sec. held for them until they became of age. Seeing the homestead papers for when he is in the (Phillipine Islands War) and myself which I want he gave J.P. and homesteaded N.E. quarter 32-32 R.4, West of 5th. for myself. N.W. quarter for when in the Islands. I signed his papers and sent money for both his and mine. Money of his was sent back & papers to be sent to him for him to sign, as was illegal for me to sign for him. So I sent to-day papers to him to be filled out, and it will take some time before they return, please hold the N.W. quarter for him. After homesteading for myself and son supposing everything will be all right I have built a \$1000. house, house on N.W. quarter, I thought at time it was on N.E. quarter but have just found out it is just across the line. Wanting to fence the entire sec. as I have a number of cattle and want to do a great deal of breaking, I would like to know what could be done and if I would be safe in going ahead with the work. Also the N.W. quarter of 16, held for one of my sons, and S.E. 1/4 of 16, for my brother who will be here from Kan. in the Spring. Hoping to have an early reply.

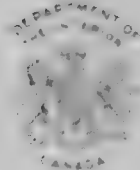

Yours truly,

(Sgd.) S.M. Henry.

Sir.-

I beg to acknowledge the receipt of your communication of the 20th ult. with regard to Sections 16 and 32 in Township 32, Range 4, West 5, which you and your friends wish to homestead. It is not possible, however, for the Department to reserve unsurveyed lands for intending settlers. You will find attached hereto a copy of Clause 33 of the Dominion Land Act, as consolidated for office purposes, which is sent for your information. This is the only provision in the law which relates to squatting on such lands.

Encl.

If you have already acquired an entry for the N. E. 1/4 32, the duties may, of course, be proceeded with, and, assuming that the N. 1/4 of this Section is sufficiently surveyed to allow of entries being granted, the Agent will hold the N. W. 1/4, if vacant, until the 1st of May next, so as to give your son an opportunity of making entry. It will be necessary for you to remove the house on to your own land, or, if preferred, the Agent will transfer your entry to the N. E. 1/4 of the Section and reserve the N. W. 1/4 for your son. A copy of this letter is being sent to the Agent and you should communicate with him in the matter.

The Secretary

Dear Sir  
writing in connection with a home-  
stead that I took up a year ago I came  
in here a stranger and knew nothing  
of the survey of the country I picked  
on a location and got an old farmer to  
find what township and section I  
had located on. He pronounced it the same  
south east quarter of section four  
twenty five township thirty seven  
range twenty five. But after doing con-  
siderable work on it I found out that  
he had made a mistake and I discovered  
I was in section three and range  
four. I further found  
that section was not at all suitable for  
me that is the one I filed my claim on.  
Now what what I want is permission from  
you to have my homestead transferred from  
the south east quarter of section four  
Range twenty five west of the fourth meridian  
to the south west quarter of section ten in the same

Township and range I have been  
informed that you could grant me  
the above favor with out further  
expense to me Hoping that you  
will be able to do so at an early date  
I am yours respectfully

Samuel M. Hill

16. State any special circumstances such as illness, accident, or lack of means, which should be considered by the Department in dealing with your case. Give any further information which in your opinion should be brought to the attention of the Department.

Ans. In the first place my homestead is very rough and rocky and unsuitable for ranching. The fact that the three other quarters of the section that I am on are still open for homesteading is proof enough to show what I may do for time. When I first came to the country and did not know anything of the survey or lines I was misdirected and lived for two months on a rail road quarter. Thinking it was a homestead I again lived on my homestead six weeks before I got my homestead changed from section the south east quarter of section four township 34 range 26 (which is the one I thought I had when I was on the rail road quarter). On account of the rocky and hilly nature of my homestead I did not consider it advisable to try and break any amount of land.

Sir,

I am directed to acknowledge your letter of the 12th ultimo, asking if 4--5--17 W. 4th M. is open yet for entry as you and Mr. W. T. Ogden and Mr. Sam Anforth have located on it and that you also desire to <sup>apply to</sup> purchase section 3 and in the same township. The plan of this township is being held for certain corrections to the survey and until these are made the land will not be open for entry. The Agent of Dominion Lands at Lethbridge has been advised of your application and told to bring it to the attention of the Department when the land is placed in the market. In the meantime, of course, no definite information can be given you as to when the land will eventually be open for entry. I may say, however, that odd sections will not be at the disposal of the Department, and, in any case, there is a prior application to purchase section 3.

SECRET

In reference to the enclosed letter from E. T. Buchanan, of Ingersoll, Ontario, according to John Gamble's application before Commissioner McKenna, he was eighteen years of age last April. It is possible he may be older than that, as in his evidence he stated he did not know his Father or Mother. It is the practice of the Department to be guided by the evidence given by the applicant before the Commissioner as to age, except in cases where a certificate of baptism is produced. Possibly Mr. Buchanan might be able to get this from John Gamble, but I think it unlikely. The scrip has been located but as the matter stands Gamble cannot assign it until two years from next April. The practice of the Department is not to recognise any assignments from minors. Possibly, however, you may feel disposed to look on

that as a somewhat exceptional case and allow the assignment  
to be held in abeyance by the Department, making a note  
against the land that the assignment was not to go through un-  
til Gamble became of age in April, 1904.

Respectfully submitted,

*W. H. H. H.*

Mr. Turriff,

Respecting the annexed case, enter a caveat that John Gamble has agreed to assign his scrip and the land located to M. T. Buchanan, of Ingersoll, and do the best you can to protect Mr. Buchanan in regard to the matter.

Sir,

124  
In reply to your letter of the 7th ultimo, re-  
section James Gamble's land scrip, I am directed to say that,  
as this scrip was located by him on the south-east quarter  
of the south half of the south-east quarter of section 1,  
township 4, range 10, east of the 4th Meridian, it cannot  
be returned as it has been cancelled.

I am further to say that the treasure which you  
found here in your favour of this land from Mr. Gamble,  
together with the other papers which accompanied it, as well  
as the registration fee of \$5, was returned to your solicitors,  
Messrs. Campbell & Lee, of Lethbridge, as the assignor  
of the same, according to the evidence submitted in the case  
before the Commission, in April, 1900. Under the cir-  
cumstances, however, the Minister of the Interior has de-  
termined that a note of sale in the records of the Depart-  
ment of the Interior of Mr. Gamble's assignment  
of the same to the Government should be made at 10  
cents per acre, until Mr. Gamble has satisfied the  
Government's claims, and the same will be issued  
of the same as the same as the same.

Your obedient servant,

B. G. KYLE

Sir,

In reply to your letter of the 27th ultimo, respecting John Gamble's land scrip, I am directed to say that, as this scrip was located by him on the South-west quarter and the South half of the South-east quarter of Section 12, Township 4, Range 20, West of the 4th Meridian, it cannot be returned as it has been cancelled.

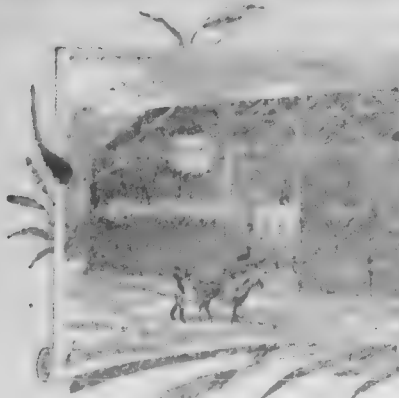

I am further to say that the transfer which you filed here in your favour of this land from Mr. Gamble, together with the other papers which accompanied it, as well as the registration fee of \$2, was returned to your Solicitors, Messrs. Campbell & Ives, of Lethbridge, as the assignor was a minor, according to the evidence submitted in the case before the Commissioners, in April, 1882. Under the circumstances, however, the Minister of the Interior has directed that a note be made in the records of the Department to the effect that Mr. Gamble has agreed to assign his scrip and the land located thereunder to you; but I am to state that, until Mr. Gamble has attained the age of twenty-one years, no steps will be taken towards the issue of the patent for the land he has located.

*Ottawa 13th January, 1907.*

Sir,

Encl.

I have to return herewith the document which accompanied the application for patent of Mr. J. Walbank for the S.E. 1/4 of Section 14, Township 22, Range 22, East 4th Meridian, and I wish to draw attention to the fact that this is apparently a preliminary document which has to be taken out by a person desirous of becoming a British subject before he can receive his certificate of naturalization.

If the certificate itself is not in your office you will be good enough to advise the homesteader that he will have to furnish it before his application for patent can receive attention.

Yours obedient servant,

*J. J. J.*

Secretary.

The Agent of Dominion Lands,  
Calgary, Alta.

Land Patents Branch.

Ottawa, 26th August, 19 7.

Memorandum:-

With reference to Mr. W. Scott's letter of the 16th instant, returned herewith, I beg to report that the application of Mr. Henry Walbeck for his homestead patent for the S.E. 1/4 of section 14, township 22, range 22, west 11th meridian, was received in the Department on the 26th December last, but as his certificate of naturalization, he being a naturalized British subject, was not filed here or did not accompany his application for patent, such application did not yet receive the approval of the Commissioner.

I may say, however, that a document, which purported to be such certificate of naturalization was received with the application, but upon examination it was found that it was merely a preliminary document which has to be taken out by a person desirous of becoming a British subject before he can receive his certificate of naturalization. This document was returned to the Agent of Dominion Lands at Calgary on the 19th January last, requesting him to advise the homesteader that he would have to furnish his certificate of naturalization before his application for patent could receive attention. No reply has yet been received from the Agent.

Respectfully submitted,

The Acting Deputy Minister  
of the Interior.

Gentlemen,

Re S. 1 27--32--1 W. 5th N.

Referring further to the question of the issue of patents conveying the mines and minerals under lands forming the land subsidy of the Calgary and Edmonton Railway Company, I am directed to say that the above mentioned parcel of land was assigned by the Calgary and Edmonton Railway Company to the Calgary and Edmonton Land Company by assignment registered in the Department, and was by the latter Company assigned to John David McLeod by assignment also registered in the Department and dated the 20th August, 1901.

By the said assignment from the Calgary and Edmonton Railway Company to the Calgary and Edmonton Land Company the title to the mines and minerals under the said parcel of land was conveyed to the latter Company, and by the said assignment from the latter Company to John David McLeod the title to the mines and minerals was conveyed to the said John David McLeod.

Sir,-

- Re S.E. 27-2-1-... -

We have a certificate of purchase of your land of the 1st May, reference to S.E. 27-2-1-... and in the intention of the Department to issue patent for the same. The land is held for the mines and minerals under the surface of the land and also if there is any objection on the part of the Government as to the title of the Calgary and Edmonton Land Company, as a condition of sale. The land of the Calgary and Edmonton Land Company, as a condition of sale for the mines and minerals under the surface of the land, the surface of the land only having been sold to the purchaser at the usual price of surface rights and subject to all exceptions in the agreement of sale to him reserving the "mines, minerals, coal or valuable stone in or under the said land".

The certificate of title as issued for the surface rights and excepting the mineral rights, has been accepted by the purchaser who was well aware that he was not entitled to the mineral rights. Our assignment filed in the Department apparently did not contain the reservation of mines and minerals but as the patent issued to the pur-

chaser did make this reservation and as the Land Company and McLeod he was not entitled to the lands, the should not, we think, be any difficulty in getting the lands patented and a patent issued to the Land Company for the lands and others.

We shall be glad to hear from you at any time, if any, you will require a patent for the lands, if he issued to the Land Company.

The position of the Land Company as regards these lands is as follows: The Land Company has no doubt led to the fact that the lands are now being surveyed and as the Land Company has the matter in this case and has the right to the lands issued to the Land Company and the Land Company, Limited.

Yours faithfully,

Dear Sir

Sir

I have been I called to 2<sup>nd</sup> Dublin Dec 1. G. H. R. 1  
B. of S. part of the 2<sup>nd</sup> look a mortgage on the land  
to secure his mortgage. The mortgage and title were  
sent to the Registrar at Calcutta by one  
lawyer for registration & transfer of title to 2<sup>nd</sup> Dublin.  
This has not yet been done to the extreme  
inconvenience of both parties, and I fear that Mr.  
Dublin may refuse to make his loan unless on  
Dec 1, till he gets his deed, while I receive the money.  
I am deferring a business visit to England till Dec 1.  
The delay was caused in the first instance by a  
clerical error made in your Department in making out  
a description of the land contained in the title deed on  
Dec 2. G. H. R. 1. B. of S. part of the 2<sup>nd</sup> look a mortgage on the land  
given all right but the description is wrong as pointed  
out to you by the Registrar at Calcutta on 19<sup>th</sup> Dec.  
As the mistake was made in your Department special  
urgency may be expected in rectifying it.  
Business is also seriously impeded by the unreasonable  
accommodation furnished at the Registrar's Office.  
Kindly give this letter your earliest possible attention.  
Yours truly  
J. H. G. G. G.

PAT. BOW.

Sir,

RECEIVED

Referring to your letter of the 15th of August last to the Local Board at Letairidge I am informed that it is the invariable practice of the Department to grant the right of acquiring a patent for Dominion Lands to the first applicant, and it will not be possible, therefore, to overlook the claim of Mr. Joseph L. Weirner in the S. N. 1 of 30, 1, 2, 3, 4th.

The Local Board at Letairidge is now sitting and the claims of Mr. Wallace Vicell for the above portion of land, are the first to be placed available for selection by the first applicant on the usual terms. Possibly you may be able to arrange with Mr. Weirner to acquire some other location, other than the above described, and so to avoid any further delay.

Yours obedient servant,

Secretary.

Mr. Colonel James Ward.

Mr Secretary  
Dear Sir

650577

I have landed here  
with my stock and family  
and am building on my railroad  
land in sec. 3. 1. E. Quarter  
T. 43. R. 28. and will be in a  
tight place to get things fixed  
for winter and as there is  
no road near my homestead  
it will be impossible for me  
to do the lawful improvement  
this fall or untill it freezes  
up so I can cross the stream  
on the ice I can get my timber  
on the ground and build my  
house but I cant do the  
breaking untill spring or  
about the 15<sup>th</sup> of May

1902 so if it would be  
 possible for me to get an  
 extension till the 15<sup>th</sup> of may

 have to stand it as it is impos-  
 sible to get on the lot till it  
 freezes with lumber or team  
 it is the A. C. 4 of 24. 43. 27.

4th February, 1902.

File to Pat. Branch.

Sir,

I beg to acknowledge the receipt of your letter of the 27th ultimo, File 7036, and the report on the S.W.1/4 of 28 - 12 - 5, West 4, which accompanied it. It appears from what the Inspector says that Mr. William Baillie went into occupation of this quarter-section without any authority whatever, and the improvements he has made were entirely at his own risk. As, however, the prior applicant for the land has withdrawn his claim, and the existing entry is clearly liable to cancellation, you are now authorized to carry out cancellation, and allow Mr. Baillie, if eligible, to homestead the land, on payment of the usual fee.

According to the Inspector's report, there were no improvements of any value excepting what have been made by Mr. Baillie, and, consequently, no attention need be paid to these.

Your obedient servant,

Secretary.

The Agent of Dominion Lands,

Lethbridge,

Auf dem Bericht habe ich in Canada auf der Reise

 An dem Ort, wo sich die Krankheit befindet, ist  
 gewöhnlich die Krankheit so häufig, dass man  
 von einem Indianer kaum einen findet, der  
 nicht die Krankheit hat. Es ist daher sehr  
 schwer auf dieser Insel die Krankheit zu

 Arzt untersuchen lassen. Die Krankheit ist  
 so weit, dass man sich nicht mehr in die

Sir:-

E. H. Burton, Medicine Hat, Alberta.  
Ref. Application #6301.

Referring to your letter of the 25th ultimo, which crossed mine of the 22nd idem, regarding your enquiry as to the standing of lands granted in favour of Mr. Burton, I may say that my letter of the 22nd ultimo contained as much information as we have on hand here regarding lands leased for grazing purposes.

In so far as the lands described in your letter are concerned, I may say that these were all patented by this Department. I presume that you are aware that when lands were patented by the Dominion Government the titles were recorded in the local Land Titles Office in the Province and, after the issue of the original title, the Dominion Government did not have anything to do with subsequent changes, sales or transfers, the recording of such items being purely a provincial matter. The lands described in your letter were disposed of by this Department, as follows:-

| L a n d.            | Date of issue of Title. | Name of party in whose favour title was issued. |
|---------------------|-------------------------|---|
| N.W. 20-11-5 W.4 M. | May 29, 1906            | William A. Burton of Medicine Hat, Alberta.     |

| S.W. 20-11-5 " " "  | May 30, 1904            | Ralph E. Starks of Medicine Hat, Alberta.       |

This was a fractional section.

My dear Mr. Moore, I have just received your letter of the 21st inst. and am glad to hear that you are well. I am also well and hope this letter will find you the same. I have not much news to write at present.

I have been thinking much of late about the future of our country and the progress of civilization. It seems to me that we are passing through a great crisis and that the result will determine whether we are to remain a united people or become a collection of warring states.
